Caring for a child with a disability or terminal illness can be a huge responsibility, not only physically and mentally but also financially. Many of these families are on a low income or benefits as they are forced to give up work to look after their sick or disabled child, and as such rarely, if ever, get the chance to enjoy a family holiday together.

Trewan Sands primarily offer holidays through Haven Holidays at 35 sites throughout the UK. We chose Haven as not only do they offer full disabled access and fully equipt disabled holiday homes but they also help us to provide entertainment by providing Free Fun Passes to the children's clubs, which occupies the children throughout the day and family entertainment for the evenings.

We also use other specialized Holiday Centre's and Holiday Homes with full disabled access for those families requiring a more peaceful location. In addition we are working with "Homes with Hearts", another children's charity specializing in offering families holidays in cottages in various locations throughout the UK. This enables us to give the families more choice over the type of holiday they require.

WITH THANKS

Trewan Sands Children's Trust would like to take this opportunity to thank everyone, be it an individual, or corporate business, Donation into one of our collection boxes or even a volunteer that has given their time freely,

Without your help and the thoughtfulness of so many people we wouldn't be able to provide these holidays and give our families Memories to Cherish.

We would also like to Thank Haven Holidays for the huge discounts they apply making it possible for us to provide even more holidays.

Your continued Support allows us to make an enormous difference to the lives of the children and families that we help and gives them Memories to Cherish
